

Workday Learning

Key Requirements

- We require ALL online training modules to be completed the first week of your clinical time
- If modules become non-compliant or overdue access to the system will be removed and clinical time will be suspended
- Courses may include:
 - Hand Hygiene
 - Information Security Essentials
 - Regulatory Compliance
 - Flu Survey
 - Epic Training (will receive EHR access approx. 24 hours course after completion)

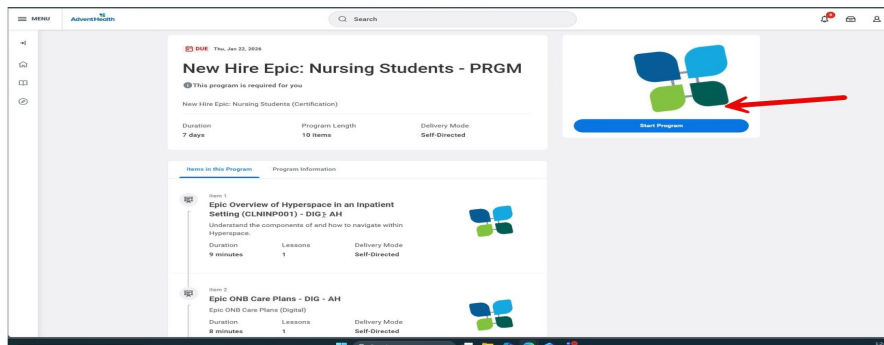

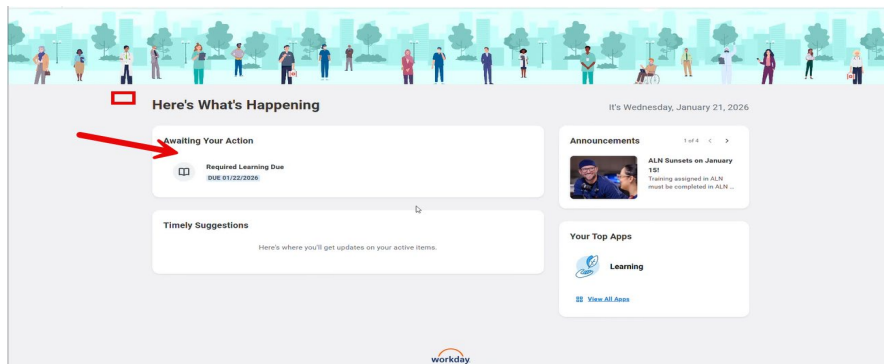

Website Access

- An OPID and password are needed to access the system
- [Learning Home – Workday](#) (link)
- If accessing the system from any device not owned by AdventHealth Secure Auth Authenticate App will be needed
- Secure Auth must be set up on the mobile device used to create the account

Workday Learning

Course Enrollment

- Please click on “Awaiting Your Action” and then “Start Program.” to ensure you have enrolled in required training such as Epic.

Secure Auth

- There is a one-page instructional flyer on installation with detailed instructions as a separate link on the website.

- From your mobile device, scan the QR code below to download the **SecureAuth Authenticate app**.
